Making Waves in The Yachting World

Cornish Crabbers and Hunter Boats have both been steering their respective and successful courses for over thirty years. Literally thousands of families, at home and abroad, have bought and enjoyed Cornish Crabbers and British Hunter boats, both to sail and motor.

Cornish Crabbers have now bought Hunter Boats (Incorporating The Landau Launch Company) and Red Fox Yachts and are delighted to announce the formation of the **Select Yacht Group**. This new name in British boatbuilding celebrates the best of the individual characteristics and amassed skill base of two of the best known names in british boatbuilding. The two sales teams, based at the head office in Rock, North Cornwall and at Hamble Point Marina on the Solent, both offer a comprehensive service for sales of new and pre-owned boats from all our ranges.

Spares and after sales enquiries will continue to be handled by the respective Cornish Crabber and British Hunter production offices as before, whilst Red Fox Yacht spares enquiries should be dealt with through the Cornish Crabber offices.

The Select Yacht Group is responsible for the production of over twenty different models, from the traditional gaff riggers synonymous with Cornish Crabbers to the dramatic lines of the beautiful Mystery 35, new to the British Hunter range. To complete the new models on offer for the first time in 2003 we proudly announce the launch of the first Landau 29 motorboat, to be followed later in the year by the Cornish Diva 36, the first of the Cornish Riviera range of luxury motor launches.

We take this opportunity to thank you for your interest and to assure you of our finest attention to detail in building your dream.
